BACKGROUND:

October 11, 2010

The Florida Lottery launched LUCKY LINES™, an instant-win game that plays like bingo but pays big jackpot prizes. Players select their play amount of \$1, \$2, \$3 or \$5. Players must match their numbers together in a horizontal, vertical or diagonal line on the game board to win. Or, players can also win double-their-money-back if all of their seven numbers are not touching on the game board.

November 5, 2010

The first \$3 million LUCKY LINES winner collects cash prize.

* Since inception through December 31, 2011.
